

COMMISSION OF INQUIRY INTO
MONEY LAUNDERING IN BRITISH COLUMBIA

The Honourable Mr. Austin F. Cullen, Commissioner

AFFIDAVIT

I, Phil Tawtel, with a business address of 1001 Douglas Street, Victoria, BC, V8W 2C5, Executive Director,
AFFIRM THAT:

1. I am the Executive Director of the BC Civil Forfeiture Office and as such have personal knowledge of the facts and matters contained within this affidavit. Where I make statements in this affidavit that are not within my personal knowledge, I have identified the source of that information and belief. I believe all of the information in this affidavit is true.

The Structure of the Civil Forfeiture Office (CFO)

2. The CFO was established in 2006 following implementation of the *Civil Forfeiture Act*, S.B.C. 2005 c. 29 (the "*Act*"). A position of "Executive Director" was created within the government to lead the CFO. The primary task of this position was and remains operationalizing the *Act* and generally managing the office functions of the CFO. There is a distinction between:
 - "Executive Director": the government position which leads the CFO; and
 - "Director": the statutory position pursuant to the *Act*.
3. The *Act* authorizes the minister to designate a person as the (statutory) Director pursuant to the *Act* and authorizes the (statutory) Director to delegate some or all his powers to other persons pursuant to the *Act*. I hold both the government position of Executive Director, which is the role tasked with managing the CFO and the statutory position of Director pursuant to the *Act*.
4. As the Executive Director of the CFO I report to the Assistant Deputy Minister (ADM) of the Community Safety and Crime Prevention (CSCP) branch within the Ministry of Public Safety and Solicitor General (PSSG).

5. I have delegated my full powers as the Director pursuant to the Act to two other positions within the CFO. These two other positions have the title of "Director" and both positions report directly to me as the Executive Director. Both of these Directors and I work at the CFO office in Victoria. The Executive Director and the two Directors are commonly referred together as the "CFO Directors". The primary operational duty of the CFO Directors is to act as the instructing client in relation to civil forfeiture proceedings that commence an action in court.
6. The CFO has seven other staff members who work at the CFO office in Victoria one of which includes the Program Manager in charge of the Administrative Forfeiture program. The six other staff members operationally and administratively support the day to day functions of the CFO.

RCMP and VPD Program Managers

7. There are two CFO staff members who do not work at the CFO office in Victoria. These are:
 - a. An RCMP Program Manager seconded to the Asset Forfeiture Unit (AFU) located in the RCMP E Division headquarters in Surrey; and
 - b. A VPD Program Manager seconded to the AFU located in the Vancouver Police Department ("VPD") in Vancouver.

Both the RCMP and VPD Program Managers are provincial government employees who have been seconded to work within those police departments pursuant to an agreement.

8. The RCMP Program Manager has been in place since 2013, pursuant to a Memorandum of Understanding. A copy of the 2014 Memorandum of Understanding Between the CFO and the RCMP, "E" Division, is attached as **Exhibit A**. [CFO0004]
9. The VPD Program Manager has been in place since 2018, pursuant to a Secondment Agreement. A copy of a Secondment Agreement between the Ministry of Public Safety and Solicitor General and the Vancouver Police Board, dated October 24, 2018, is attached as **Exhibit B**. [CFO0007]
10. The primary responsibilities of RCMP and VPD Program managers are:
 - a. to act as an initial point of contact and to facilitate the referral of police files from police officers to the CFO under the authority of an officer of that police department;

- b. to act as a point of contact and to facilitate inquiries from CFO staff to those police departments regarding referrals which have been made or are expected to be made; and
 - c. to assist police officers within those police departments to gain a better working knowledge of the CFO and the civil forfeiture program.
11. The RCMP/VPD Program Manager review files submitted by police officers within their respective department, in order to make an initial assessment as to whether the file might be suitable for consideration of a referral to the CFO. The RCMP/VPD Program Manager may ask for additional information to ensure they have comprehensive understanding of the investigation.
 12. If the RCMP/VPD Program Manager considers the file to be suitable, he will compile the relevant police investigational material and submit this to a senior officer of that department for approval in accordance with that department's policies. If the file is approved for submission by the authorized police officer, the RCMP/VPD Program Manager or another member of the AFU will then submit the file to the CFO.

Outreach to Law Enforcement Agencies

13. The CFO provides educational outreach presentations to law enforcement agencies in BC. The purpose of these presentations is to (1) familiarize police officers with the CFO, (2) explain how civil forfeiture operates from both a Judicial and Administrative forfeiture perspective, and (3) explain how to make a file referral should they wish to do so. These presentations may be done in large venues, such as the Justice Institute of BC, or in smaller venues such as boardrooms at a police department or detachment.
14. These educational outreach presentations are important to the CFO as referrals from law enforcement agencies are made on purely a voluntary basis. It is not uncommon for referrals from a municipal police department or RCMP detachment to increase after the CFO has provided a presentation to a group of officers in that location.
15. Law enforcement agencies also benefit from the educational outreach presentations as awareness of the CFO and civil forfeiture program provides them with an additional option beyond seeking criminal forfeiture or alternatively returning the seized property.

16. For those municipal police departments that lack a dedicated AFU, the level of referrals from that department appears to be strongly dependant on personnel. Where a department has an officer that has had a positive experience in making a referral to the CFO there has been a corresponding increase in the level of referrals from that department. Conversely, when that same officer has been transferred or retires, there can be a decline in the level of referrals from that department.

Information Sharing Agreement (ISAs) and Referrals

17. The CFO receives information from a law enforcement agency pursuant to an Information Sharing Agreement (ISA). The CFO has ISAs with all law enforcement agencies in BC and with several law enforcement agencies outside of BC. The CFO also has ISAs with other Provincial CFOs in Canada.
18. With respect to the RCMP, the CFO relies upon an agreement between the Government of Canada and the Government of British Columbia respecting information sharing dated July 27, 1983, a copy of which is attached as **Exhibit C**. [CFO0001]
19. With respect to the municipal police departments in BC, the CFO relies upon an ISA which was signed on various dates by those departments, a copy of which is attached as **Exhibit D**. [CFO003.0001]
20. Based on my discussions with RCMP and VPD AFU officers and senior management, as well as police officers from other departments, I understand that there are a number of factors which may influence when a law enforcement agency will refer a file to the CFO following the conclusion of their investigation. These factors include, but are not limited to:
 - a. The size and complexity of the investigation;
 - b. The nature of the assets being referred and the likelihood of dissipation;
 - c. Whether a referral has been made to the Crown for consideration of criminal forfeiture;
and
 - d. Whether criminal charges have been stayed and/or a 490 Return Order application for the return of the assets has been filed.

21. Referrals made from RCMP and VPD officers are reviewed and processed through that department's respective AFU. If a referral is inadvertently made directly to the CFO by an RCMP or VPD officer then that referral is returned to the appropriate AFU with notification to the referring officer.
22. Referrals made from police officers from all other law enforcement agencies generally come from that officer directly to the CFO.
23. Once a referral is received by the CFO it is logged into the CFO case management system and assigned to a CFO staff member for review in order for a Director to make a determination whether to pursue civil forfeiture. Notification is provided to the law enforcement agency as to whether a file referral has been accepted or declined.
24. The decision whether to pursue forfeiture is made in accordance with the CFO File Acceptance Policy a copy of which is attached as **Exhibit E**. [CFO0005] There are four considerations outlined within the File Acceptance Policy which determines whether a referral is accepted or not:
 - a) the strength of the evidence;
 - b) the interests of justice (fairness and proportionality);
 - c) the public interest; and
 - d) the cost/benefit of pursuing forfeiture.
25. The CFO may accept a file where the cost of pursuing forfeiture may be greater than the expected recovery in cases where there is significant public interest with the underlying unlawful activity. Such files may involve, violence, firearms, the sale of fentanyl, the involvement of gangs or organized crime, money laundering, harm to law enforcement personnel and files involving vulnerable persons such as children or the elderly.
26. The CFO is required to do a cost/benefit analysis when reviewing files for consideration of civil forfeiture as the CFO is a self-funding government entity that operates under a Special Account model rather than an Appropriated Account model. Under a Special Account model, the CFO account starts the fiscal year with a \$0 balance, employs the ongoing revenue to operate throughout the fiscal period, and then ends the year with a \$0 balance.

27. The CFO will inquire with police officers who are considering making a referral as to whether the Federal or Provincial Crown is considering criminal forfeiture of the assets. The CFO will not generally commence civil forfeiture proceedings if it is aware that the assets under consideration are subject to criminal forfeiture proceedings or are being considered for criminal forfeiture.
28. The CFO does not consider whether criminal charges have been laid or might be laid against a defendant when assessing whether to commence civil forfeiture proceedings. The CFO does not consult with, or act in coordination with, the Federal or Provincial Crown. The CFO relies exclusively on the criteria set out in its File Acceptance Policy when determining whether to commence civil forfeiture proceedings.
29. In addition to receiving file referrals from law enforcement agencies in BC, the CFO has also received file referrals from other investigative agencies in BC, including the Ministry of Finance and the BC Securities Commission. The CFO has also received file referrals from law enforcement agencies in other Provinces and in the United States. In all cases, the CFO will seek to obtain an ISA in advance of receiving the referral materials.

Commencing Civil Forfeiture Proceedings Under the Act

30. The *Act* authorizes the designated Director to commence either Judicial or Administrative forfeiture proceedings against property that is either:
 - a. the proceeds of unlawful activity; or
 - b. an instrument of unlawful activity which is property that has been used, or likely will be used, to generate the proceeds of unlawful activity or cause serious bodily harm or death.
31. Unlawful activity is defined as any activity in contravention of any Federal legislation or Provincial legislation in BC, or any unlawful activity committed outside of BC that would have been an unlawful activity had it occurred in BC.
32. There is a 10-year limitation on commencing civil forfeiture proceedings from the time it was alleged the unlawful activity occurred.

Judicial Forfeiture proceedings

33. If a decision is made by a CFO Director to accept a file referral and commence Judicial forfeiture proceedings, a letter of instruction is issued to the Civil Forfeiture Legal Team (CFLT) along with a copy of the file material requesting that proceedings be commenced.
34. The CFLT consists of an assigned team of legal counsel and paralegals within the Legal Services Branch (LSB) of the Ministry of the Attorney General that provide legal services to the CFO. The CFO also receives legal services from certain private law firms in Vancouver and Victoria.
35. Once Judicial forfeiture proceedings have been commenced, the Director as Plaintiff has the normal rights of discovery accorded to any other litigant pursuant to the Supreme Court Civil Rules. These rights of discovery include document discovery and examination for discovery.

Administrative Forfeiture proceedings

36. Amendments to the *Act* were made in 2011 to include proceedings by way of Administrative forfeiture. The Administrative forfeiture provision was developed due to the high number of defendants not responding to a notification of the commencement of Judicial forfeiture proceeding and the high legal costs associated with seeking the corresponding Default Order. Administrative forfeiture provides for an efficient and cost-effective means of dealing with the forfeiture of lower value property associated to unlawful activity.
37. It is my understanding that BC was the first jurisdiction to include Administrative forfeiture as part of its civil forfeiture legislation. Since 2012, the civil forfeiture programs in Alberta, Saskatchewan, Manitoba and more recently Ontario, have followed BC's lead by adding Administrative forfeiture to its civil forfeiture legislation.
38. To qualify for Administrative forfeiture the value of the property must be under \$75,000, not be real property, and not be subject to a lien or other protected interest holder.
39. Interest holders in property which is the subject of Administrative forfeiture proceedings are provided notification of these proceedings in two ways:
 - a. By registered mail delivered to the last known address of the interest holder; and
 - b. By a notice published in the BC Gazette which is searchable via the internet.

40. The interest holder in the property has the opportunity to dispute the Administrative forfeiture proceeding by submitting a sworn Notice of Dispute. Upon receiving a Notice of Dispute, one of the CFO Directors or the Administrative Forfeiture Program Manager will review the information contained in the Notice of Dispute and then determine whether to commence Judicial forfeiture proceedings.
41. If a decision is made to commence Judicial forfeiture proceedings then the file will follow the same path as if Judicial forfeiture proceedings had been commenced in the first instance. If a decision is made not to commence Judicial forfeiture proceedings then notification of this decision will be provided to both the interest holder and the law enforcement agency.

Investigative Tools of the CFO

42. The CFO relies upon referrals from law enforcement agencies and these referrals are made on a voluntary basis only. The CFO does not accept referrals or information from members of the public. If the CFO receives information from the public regarding property associated to unlawful activity then that person will be directed to contact the law enforcement agency of jurisdiction and notification of this information will be provided to the law enforcement agency of jurisdiction.
43. The *Act* does not specifically grant the CFO authority to initiate a new investigation of property associated to unlawful activity nor does it provide the tools afforded to law enforcement agencies such as search warrants, surveillance and the ability to manage confidential informants to conduct these types of investigations.
44. The CFO cannot request that law enforcement agencies conduct investigative work on its behalf. The CFO can request, and will request, information related to an associated or relevant other investigation that could support the initial referral. It is at the discretion of the law enforcement agency that has jurisdiction of that file whether to provide this additional information or not.
45. Following a referral being received from a law enforcement agency, the CFO will collect additional information that is sourced from secured databases. It is necessary for the CFO to collect this additional information in order to fulfill its obligations under the *Act* to properly

identify the property being referred and to serve notices on all interest holders. The secured databases include, but are not limited to:

- a. ICBC, for the purpose of confirming ownership and address for service;
 - b. The Personal Property Registry, to confirm the existence of third-party interests; and
 - c. Land Titles to confirm ownership and the existence of third-party interests.
46. The CFO also has ISAs with other non-law enforcement organizations to support the CFO Director's litigation proceedings including the Gaming Policy and Enforcement Branch, BC Corporate Registry, BC Public Guardian and Trustee, Equifax, ICBC and the British Columbia Lottery Corporation ("BCLC"). A copy of the information-sharing agreement with BCLC is attached as **Exhibit F** [BCLC0006805]
47. A copy of the Civil Forfeiture Office Information Policy is attached as **Exhibit G**. [CFO0002]

Identification of assets other than those initially referred by police

48. The *Act* does not restrict the ability of the CFO to identify further assets for consideration of civil forfeiture following the initial file referral being received from police.
49. If additional assets are identified the CFO will confirm with the referring law enforcement agency as to whether:
- a. There was a possible omission not making this referral;
 - b. That agency does not wish the CFO to consider the assets for referral as it may relate to an ongoing investigation; or
 - c. The asset is subject to a referral to the Federal or Provincial Crown.
50. If there is sufficient evidence in support of pursuing civil forfeiture of the additional assets, then the CFO may choose to proceed against those assets.

Information from FINTRAC

51. FINTRAC intelligence disclosures are occasionally included in the referral materials provided by a law enforcement agency.

52. FINTRAC has advised the CFO that they do not have the authority to disclose tactical financial intelligence directly to the CFO. However, FINTRAC has advised the CFO that the *Proceeds of Crime (Money Laundering) and Terrorist Financing Act* does not prohibit law enforcement agencies from providing a copy of the FINTRAC report, initially issued to the law enforcement agency, to the CFO.
53. The information contained within a FINTRAC report can be of significant assistance to the CFO. Giving the CFO the ability to make requests to FINTRAC directly would support civil forfeiture proceedings by:
- a. Identifying and tracing the proceeds of unlawful activity;
 - b. Restraining the proceeds before they can be dissipated or transferred outside BC; and
 - c. Facilitating the forfeiture of those proceeds.

Challenges in Pursuing Proceeds Cases

54. During the early years of the CFO program the police referrals and the corresponding civil forfeiture proceedings were generally focused on property that was alleged to have been an instrument of unlawful activity. The exception to this were referrals of cash and luxury vehicles which were alleged to be the proceeds of unlawful activity.
55. Based on my experience, it is more difficult to prove that property is the proceeds of unlawful activity, particularly if the proceeds are not directly tied to the unlawful activity. For example, it is easier to demonstrate that cash found in the vicinity of illegal drugs is the proceeds of unlawful activity than to demonstrate that funds located in a bank account are the proceeds of unlawful activity.
56. To successfully investigate, identify, trace, restrain and forfeit the proceeds of unlawful activity, it requires specially trained investigators and often the employment of experts in financial analysis, such as forensic accountants. Further, the investigative work must be completed in an expeditious manner to avoid the assets being dissipated. For example, vehicles and real property can be sold within days and funds in a bank account can be transferred almost instantaneously.

57. Additional resources will be required as the CFO continues to evolve from an entity that initially reactively focused on instrument-based cases to an entity that proactively focuses on proceeds-based money laundering cases. In particular, the CFO will need individuals who are trained in conducting financial investigations.
58. Referrals to the CFO from law enforcement agencies have not only increased significantly year over year by volume but also by the level of complexity since proceeds cases are generally far more complex than instrument cases. These complex file referrals require proper resourcing in order to effectively investigate, identify, trace, restrain and forfeit the proceeds of unlawful activity.

Distribution of Property Forfeited under the Act

59. The *Act* authorizes the CFO to disburse funds from the CFO Special Account for the purpose of:
- a. Administration of the office, namely the payment of all operational costs associated with the management of the CFO program which includes, but is not limited to, legal costs, asset management costs and salaries.
 - b. Crime prevention grants and eligible victim compensation.
60. Since 2006 the CFO has forfeited \$114M+ and disbursed \$55M+ in crime prevention grants to community organizations throughout BC. Additionally, the CFO has provided approximately \$1.7M in eligible victim compensation primarily to senior citizens who were the victims of fraud.

Civil Forfeiture Grants

61. The community crime prevention grant process is managed by staff from the CSCP branch as the branch has an existing knowledge and relationship with these community organizations. Applications are reviewed and adjudicated on an annual basis. The CFO Director is required by the *Act* to approve these grants.
62. In 2020, the identified community crime prevention grant streams included:
- a. Crime Prevention
 - b. Indigenous Healing
 - c. Restorative Justice

- d. Gender-based Violence, Violence against Women, Domestic Violence and Sexual Assault
 - e. Domestic Violence Prevention/Intervention Programming
 - f. Human Trafficking, Sexual Exploitation, and Sex Worker Safety
 - g. Child and Youth Advocacy Services
63. There are currently two streams associated to crime prevention grants from the CFO:
- a. Crime prevention grants to community organizations; and
 - b. Crime prevention grants to law enforcement agencies.
64. The Director, pursuant to the *Act*, disburses funds from the CFO Special Account towards crime prevention grants:
- a. Community organizations receive approximately 90% of all crime prevention grants; and
 - b. Law enforcement agencies receive approximately 10% of all crime prevention grants.
65. The Police Training and Equipment grant process for law enforcement agencies is managed by CFO staff.
66. There is no correlation between what a law enforcement agency receives in the form of grants and the amount or value of referrals made by an agency. Applications are reviewed and adjudicated on an annual basis. The grant streams consist of:
- a. Training: Special courses that would be otherwise unavailable and in budget.
 - b. Equipment: Special equipment that would be otherwise unavailable and in budget.
67. Attached as **Exhibit H** [CFO0011] is a copy of a compendium of statistics regarding the CFO provided to the Cullen Commission. A list of grants distributed by the CFO is found at **Exhibit H**, page 207.

2019 Amendments to the Act

68. The Act was further amended in 2019 to include new asset tracing provisions intended to make it easier for the CFO to investigate, identify, trace, restrain and forfeit the proceeds of unlawful activity contained within financial institutions and other organizations. These provisions consist of:

- a. Notices issued by the Director prior, during or after the commencement of proceedings to financial institutions or organizations holding the financial interest of a defendant. The Notices issued to financial institutions require production of certain basic account information but not financial information (s. 22.02); and
- b. Orders issued by the court prior, during or after the commencement of proceedings requiring financial institutions to produce the financial information to certain accounts for the purpose of investigating, identifying, tracing, restraining and forfeiting the proceeds of unlawful activity (s. 11.01).

69. The 2019 amendments also include rebuttable presumptions that apply to cash and vehicles to make it easier for the CFO to pursue forfeiture of these types of assets that are commonly employed in drug trafficking at the street level and typically the subject of Administrative forfeiture proceedings. These presumptions include:

- a. Cash in excess of \$10,000 that is found in proximity to illegal drugs is now presumed to be the proceeds of unlawful activity (s. 19.03); and
- b. A vehicle that contains a prohibited firearm, or illegal drugs or other objects related to drug trafficking is presumed to be an instrument of unlawful activity (s. 19.04); and
- c. A vehicle that flees from police or refuses to stop for police, in a manner likely to cause bodily harm or death to a member of the public, is presumed to be an instrument of unlawful activity (s. 19.05).

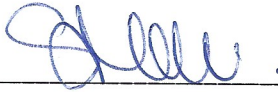

Civil Forfeiture and Money Laundering

70. Referrals received by law enforcement agencies that contain evidence that property is the proceeds of unlawful activity or contain evidence that such property is both an instrument and a proceed of unlawful activity are, by their nature, referrals alleging money laundering. In those

cases, the CFO will plead in its notice of civil claim that the unlawful activity includes the offence of money laundering.

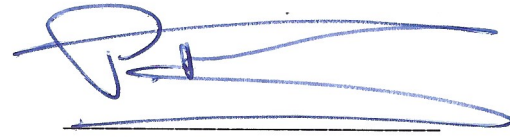

71. To date, the CFO has not received a file where the underlying offence is solely money laundering. This is not unexpected since money laundering requires a predicate offence and so the referred files to date also contain evidence of a predicate offence having been committed, typically the trafficking of illegal drugs or major fraud and/or theft.

AUTHORITY

1. The VPD collects information, including Personal Information (as defined in the *Freedom of Information and Protection of Privacy Act*, RSC 1996, c 165 (FIPPA) for law enforcement purposes.
2. The VPD and the CFO are public bodies governed by FIPPA and must collect, use and disclose Personal Information only as authorized by FIPPA.
3. The CFO is responsible for statutory forfeiture proceedings in the Province of British Columbia, and requires certain information, including Personal Information, in the control of the VPD to fulfill its mandate. For clarity and certainty, the Secondee will only review VPD related asset forfeiture referrals and accordingly will only need to review VPD records as part of the position mandate.

4. Both parties acknowledge that there is an existing Information Sharing Agreement (ISA) between the Province of British Columbia and the VPD, a copy of which is attached as Appendix "A".
5. Notwithstanding the ISA, Personal Information in the custody and/or control of the VPD may be disclosed to the CFO, and thus collected indirectly by the CFO, under the authority of section 27(1)(b) of FIPPA, specifically about the following provisions of FIPPA, one or more of which applies to all Personal Information that is disclosed by the VPD to the CFO pursuant to this Agreement:
 - a) 33.1(1)(c) [*in accordance with an enactment of British Columbia that authorizes or requires its disclosure*]
 - b) 33.2(i) [*disclosure to public body or law enforcement agency to assist in law enforcement investigation*]
6. Without limiting the scope of the foregoing, the VPD is authorized to disclose, and the CFO is authorized to collect, Personal Information pursuant to sections 22(3) and 22(4) of the *Civil Forfeiture Act*, SBC 2005, c 29.
7. It is acknowledged that while the VPD and CFO may continue to share information pursuant to the ISA, this Agreement neither authorizes nor addresses information sharing between the VPD and CFO. Rather, this Agreement addresses the secondee relationship pursuant to which the Secondee shall be assigned to the VPD, wherein all the work product generated by the Secondee shall remain in the possession, custody, power and control of the VPD, including all work product generated directly or indirectly due to direct access to PRIME-BC.
8. When assessing VPD information for potential referral to the CFO for forfeiture of criminal assets, the VPD may use personal information for a use consistent with the purpose for which it was compiled pursuant to section 32 (a) of FIPPA. For the purpose of this Agreement, and as a service provider to the VPD, the Secondee shall access and use information pursuant to section 32(2) of FIPPA.
9. As the Secondee shall not disclose any information, including personal information, pursuant to this Agreement, no reference to disclosure provisions are necessary for the purpose of this Agreement.

OBJECTIVE

10. The objective of the VPD's informally assembled asset forfeiture team (AFT) is to work together in an integrated environment to deprive organized crime members of their criminally obtained assets. The role of AFT members includes, but is not limited to: Endeavoring to identify, seize and recommend the forfeiture of criminal assets throughout the Province of British Columbia, and recommending for prosecution the persons associated therewith and co-operating with other jurisdictions for such purposes.

11. The objective of the CFO is to make crime unprofitable, capture resources tainted by crime, and to help compensate persons for the costs of past crimes. The CFO receives referrals from enforcement agencies such as the VPD, and based upon a consideration of the evidence, public interest and financial viability of the referrals, commences actions through forfeiture proceedings against property only. The VPD is the second largest referral agency to the CFO.

APPOINTMENT

12. The VPD retains the Secondee to provide the services in accordance with this Agreement.
13. The Secondee will be assigned to the VPD for an indefinite period unless cancelled by either party.
14. Consistent with the principles of this Agreement, the Secondee is considered and shall be treated as a service provider as set out in the Definitions of FIPPA. Specifically, the Secondee is a person retained by the VPD under a contract to perform services for the VPD.

DUTIES

Specifically, the Secondee's work shall be for a lawful purpose and directly related to VPD investigations being conducted insofar as reviewing and assessing potential referrals by VPD members to the VPD's AFT. For clarity the Secondee's work will commence from file review of VPD files forwarded to the VPD's AFT Team for potential referral to CFO. The Secondee will not browse police information, including PRIME, for potential file referrals to the CFO. Specific duties of the Secondee shall be to:
 - Review investigations referred to the Secondee from sworn VPD members who believe that there is the potential for any assets seized or identified to be referred to the CFO for forfeiture.

other person, firm, corporation, school board/district, college provincial institute or university.

37. Notwithstanding any other provision of this Agreement, if the Seconded is unable to provide the Services for any reason or fails to comply with any provision of this Agreement then, in addition to any other remedy or remedies available to the VPD, the VPD may, at its option, terminate this Agreement with the CFO by giving written notice of termination to the Seconded and the CFO.

Civil Forfeiture Office

POLICY

Civil Forfeiture Office - File Acceptance Policy

- Objective** This policy sets out the review procedures to be followed by Civil Forfeiture Office ("CFO") employees when considering the suitability of initiating a forfeiture application based on a file referral received from a public body (the "file").
- Definitions** Words and phrases defined under the *Civil Forfeiture Act*, SBC 2005, c. 29 (the "Act") appearing in this policy have the same meaning as set out in the Act. The "Director" refers to the Director as appointed under the Act and his or her delegates.
- Application** This policy applies to all CFO employees and specifically applies to the Director's exercise of discretion under sections 3 and 14.02 of the Act for both civil and administrative forfeiture proceedings.
- Guiding Principles** The file review procedure should be guided by the foundational purposes of the Act:
- 1) to take the profit out of unlawful activity;
 - 2) to prevent the use of property to unlawfully acquire wealth or cause bodily injury; and
 - 3) to compensate victims of crime and fund crime prevention and remediation.

General

Available Information

This is Exhibit "E"
referred to in the Affidavit
of P. Tawtel
affirmed before me this 14th
day of December 2020

A Commissioner for taking Affidavits
Within British Columbia

- 1) Information received from a public body must be received in a manner consistent with the Act, the *Freedom of Information and Protection of Privacy Act*, and any Information Sharing Agreements ("ISA") that exist between the CFO and the public body.
- 2) A file will be assessed according to information available to the Director at the time it is received.
- 3) The Director will make reasonable efforts to ensure the accuracy and completeness of the file by:
 - a. Requesting any available additional information from the referring agency that is likely relevant to the Director's decision pursuant to this policy; and/or
 - b. Accessing open source information and subscription service information available to the CFO at the relevant time.

Referral Acceptance Factors

- 4) All referrals will be assessed by the Director in accordance with the following criteria:
- a. Public Interest – public interest factors may include, but are not limited to:
 - i. actual harm or a reasonable prospect of harm to individuals, particularly vulnerable individuals such as children or the elderly;
 - ii. the use of firearms or other weapons;
 - iii. involvement of gangs or organized crime;
 - iv. money laundering;
 - v. presence of hard drugs;
 - vi. financial exploitation of vulnerable individuals;
 - vii. harm or reasonable prospect of harm to law enforcement; and
 - viii. any other factors relevant to the unlawful activity.
 - b. Strength and Adequacy of the Available Evidence –the available evidence is to be assessed based on the likelihood of a successful forfeiture application using a balance of probabilities standard for civil forfeiture files or the reason to believe standard for administrative forfeiture files.
 - c. Financial Considerations – Given the cost recovery nature of the CFO program, the Director’s review will be guided by a cost-benefit financial analysis of the file that will consider the estimated cost of obtaining a successful forfeiture against the estimated financial benefit.
 - d. Interests of Justice – The Director must assess the interests of justice in accordance with the Act and relevant judicial precedents by using information reasonably available to the Director at the time a file is received, which includes consideration of the reputation of the administration of justice.
- 5) Each of the above factors may be assigned a different weight based on the circumstances of the particular file under review.

Source of File

- 6) Files arising out of a criminal investigation will be considered where:

- a. The public body has decided not to refer the file to a Crown Prosecutor for charge approval, or;
 - b. Where following charge approval the Crown Prosecutor has decided not to pursue criminal restraint or forfeiture proceedings, or;
 - c. Where criminal proceedings have concluded for any reason without criminal forfeiture.
- 7) Files arising out of a regulatory investigation will be considered where:
- a. The public body has decided not to pursue regulatory enforcement proceedings, or;
 - b. Where a file has been referred to a Crown Prosecutor for consideration and the Crown Prosecutor has decided not to pursue regulatory enforcement proceedings.

Provincial Offences as Unlawful Activity

- 8) The CFO recognizes that provincial offences are, generally speaking, viewed as having less potential for physical harm or financial gain than criminal offences. It is important that forfeiture applications based on provincial offences are seen as being fair, proportional to the degree of actual or likely harm, and above all in the public interest. Therefore, the following special considerations apply where the underlying unlawful activity is a provincial offence, except for:
- a. provincial driving offences which are dealt with separately in this policy; and
 - b. provincial offences related to organized crime and gang activity, including, but not limited to:
 - i. offences under the Armoured Vehicle and After-Market Compartment Control Act [SBC 2010] c.8; and,
 - ii. offences under the Gaming Control Act [SBC 2002] c.14
- 9) Where the unlawful activity associated to a file is a provincial offence, the Director must consider whether existing statutory sanctions by the referring public body have been exhausted. A failure by the public body to exhaust existing statutory sanctions weighs against accepting the file, but is not determinative.
- 10) Where the unlawful activity associated to a file involving a provincial offence is:
- a. Based on the same offence(s) associated to a previously accepted file, a majority of Directors must agree that the files

should be accepted in accordance with the criteria set out in this policy or the file shall be declined; or,

- b. Based on an offence not previously the subject of an accepted civil forfeiture file, all Directors in consultation with legal counsel must agree that the file should be accepted in accordance with the criteria set out in this policy or the file shall be declined.

Driving offences as Unlawful Activity

- 11) The CFO recognizes the existence of a comprehensive regulatory and judicial enforcement regime with respect to driving offences. Generally speaking, a forfeiture application should only be pursued where there are repeated incidents of vehicular unlawful activity notwithstanding regulatory and/or judicial sanctions or where the public interest considerations involved in a single incident, particularly the existence of potential or actual harm, are so egregious as to warrant a forfeiture application.
- 12) When a file involves either a provincial or criminal driving offence as the unlawful activity, the Director must consider the following:
 - a. The driving history of the vehicle operator, specifically, any patterns of repeat behavior with the potential to cause harm;
 - b. Any prior or existing sanctions placed on the vehicle, vehicle owner or operator;
 - c. Compliance or lack thereof with prior or existing restrictions on a vehicle, vehicle owner or operator; and
 - d. The particular circumstances of the unlawful activity and their impact on the reasonable likelihood of bodily harm, including, but not limited to:
 - i. Time of day;
