Facts/Info:

98-11-25 - The Vancouver Police had a Press Conference to advise they charged four(4) people as a result of a loan sharking and extortion investigation.

The investigation commenced July,1998 and revealed several groups of loan sharks frequent the legal Casinos in Vancouver targeting primarily Asian victims. The Vancouver Police advise the suspects frequent the Casinos and identify potential victims who have lost money and they offer money at a rate of approximately 10% per week. Many of the victims are unable to maintain the weekly payments and the loan sharks threaten the victims with violence and force the victims to transfer vehicles, household belongings and even take out mortgages to pay the loan sharks.

One victim borrowed \$15,000.00 with a interest rate of 10% per week (\$1500.00 a week) and when she could not pay the loan sharks took her vehicle and threatened her life. She became distraught and attempted suicide. The victim was forced to hand over all of her furniture.

On 98-08-05 the Police conducted a search on the	and	residence,	and
seized a vehicle, guns, silencer, bullet proof vest, taser	stun gun,	1/2 pound of Opium, stolen ID, stolen	
credit cards and approx. \$60,000 in cash.			

On 98-11-19 the Police conducted a search is business, SUNNING AUTO, and seized vehicle transfer papers, records relating to loan sharking and a small amount of heroin.

urity Incident Report - 98-1157 Barred Persons

January 16, 2001

I have reviewed file 98-1157 where all of the above persons had been barred from all Casinos in the Province. These persons were barred in November 1998 as they were charged with Criminal Offences by the Vancouver City Police Department. These charges included loan sharking, extortion, weapons and drug related offences. The accusation is that they prey on gamblers that frequent our casinos. The original barrings had expired on November 25, 2000. All persons were advised by registered letter of January 6, 2000 that their barrings may be extended if their charges were still before the courts.

Sgt. Don Smith and Cst. Doug Spencer, Vancouver City Police both confirm that the above persons are before the courts with a court date of October 22, 2001 having been set. In view of this information all barrings will be extended until January 15, 2003.

Donna: Please prepare registered letters to all of the above advising them of the extension to their barrings.

"In November of 1998 you were charged with criminal offences by the Vancouver City Police. At that time you were barred from entering all casinos in the Province of British Columbia.

On January 6, 2000 you were advised that your would continue to be barred from entering all casinos in the Province of British Columbia until at least November 25, 2000. You were advised that if your criminal charges were still before the courts this barring may be extended.

As your charges are still before the courts this is to advise you that you are still prohibited from entering all casinos in the Province of British Columbia until at least January 15, 2003. At that time the circumstances surrounding your barring from all casinos in the province will be reviewed."

Gordon:

In our "draft" Directive Number 7 titled CASINO EXCLUSION POLICY (which is still in the draft stage and not implemented as of this date) it is being suggested that this type of activity (loaning money) be subject of a six (6) month exclusion from our casinos. What is the evidence to support the fact that the support is a "Loan Shark" and has he been approached in the past and warned of his suspected activities?

SECURITY OCCURRENCE REPORT

LOCATION: Villa SUPERVISOR: KEN HARRACH CC: Bill Openshaw FILE #00B0401-02S DATE: 00 04 01

At approximately 2350 hrs, security recognized a barred BCLC loan shark playing at blackjack table #8. The loan shark, was escorted by security off the gaming floor. was previously asked to leave Gateway Casinos (Villa) on August 4, 1999 & February 14, 2000. obviously does not take his barring seriously. During the past two dealings with . it appears that he has attempted to alter his appearance. On February 14, 2000, security noticed that had slightly altered his appearance by removing his moustache. Tonight, wore a grey and black baseball hat. wore the hat in a manner that appeared to conceal his face. Due to past history, and his ignorance towards his barring, security personnel informed him that it was going to be recommended that the length of his barring be extended.. In dealing with this customer in the past, is fully aware of his barring. As stated by the BCLC's Directive #7, a person who disregards an "exclusion policy will have the length of their exclusion doubled if they are found in a casino before the expiration of their original exclusion policy." On February 14, the surveillance department was able to provide an updated photo of is the owner of a Grey, Toyota Corolla, BC Licence plate #BAT 168.

John and Bob,

Royal Diamond on the night of June 21. The suspect obviously owed some money and was trying to clear up the debt. The police arrested the suspect, but he committed suicide, by jumping in front of a Sky Train, a few days later.

I have received other info that has a Casino employee paying off a gambling debt as well and I'll be updating that file, but do not want to publicly release that info until the police investigation is concluded.

I would like to bar for a year from all Casinos.

Good Morning again Joe:

Would you kindly look into this matter. It appears as if the RCMP are coming into the casino to "see who was here" and they identified an individual as being a loan shark. Before we take any steps to bar this person Province wide I would like to be fully aware of the circumstances. Do the Police have evidence that this person is a loan shark, has he been charged, is he a gang member etc? Any documentation that the casino has from the Police or any that they have generated needs to be on our file.

Thanks

00 MAR 20 - This date, female identified as,

\$11,600.00 US dollars into Canadian currency. The casino staff were certainly suspicious. She was able to convince the casino manager that she did intend to gamble with the money if exchanged, so they allowed her to exchange \$3,000 US dollars. She then went to the concession area of the casino, had something to eat, and then said she was going to go and meet a friend at another casino. She left without gambling any of the exchanged money. The \$11,600 US dollars that she produced was comprised of a mixture of large and small bills. Of course she asked to exchange the smaller bills first which they did for her.

There were two unidentified males that were with her. They tried to look like they were not together but it was obvious that they were. They were not involved in the money exchange and therefore were not identified. Security staff obtained photo's of all three subjects. When they left security followed them to a vehicle outside and obtained particulars. Vehicle is a Red Pontiac Grand Am with Washington License #648 JSX.

When these subjects left the Royal Diamond, the security staff contacted other casino's in this area to alert them. They were informed that the males had been into the Grand Casino, earlier in the day (1300hrs) to exchange US dollars. They were successful in exchanging a total of \$700.00 US dollars, into Canadian funds. One male got \$300 and the other guy got \$400.

From conversations with Casino staff at the Royal Diamond, it was clear that they were aware that they got 'scammed' big time.

Info on and her Red Pontiac to be conveyed to Det. Don Owen's VPD. Above info to GAIO via E mail. photo has been scanned and will be saved on G drive. No further action at this time. Any info that Det Owens can provide will be added when received.

Hi Murray,

As per confirmation with the site's surveillance officers, the Washington driver's license provided for the US\$3,000 foreign exchange for Canadian funds amounting to \$4,2000 was not photocopied or no video footage showing the actual ID. At the time when the transaction occurred, the site's main concern was to checked all the US currencies and be sure that the bills are not counterfeits. Since the transaction was less than \$10,000.00, the cashier only required to write down the details of the ID that customer provided. For your info.

At approximately 5:45 pm, a female customer with shoulder length bloade hair approached the cash cage and tried to exchange US\$11,600.00 for Canadian funds. Surveillance and management were notified. Assigned shift manager talked to the customer and explained to her that the site can not exchange the \$11,600 instead they will exchange \$3,000.00. of the lady started talking to the cashiers, she told them that she will go first to the concession to get food. While she was at the concession, she was inquiring how to get to Burnaby Casino and to New Westminster. She went back to the cage, and told of the staff that she will just go home for a while since she was not feeling lucky to play. She left the casino, and 2 male companions (military cut hair) followed her. Max Zahedi Monday, March 20, 2000 7:47 PM CasinoCallCentre OCCURRENCE REPORT

A Security from Royal Diamond call and told our Surveillance operators that a blond and two other guys tried to change over 11,000.00 USC at the cashier. With the description that they got from Royal Diamond Surveillance operators, our Surveillance operators believe that those guys were here at Grand Casino around 1:00 PM and try to change USC. One of them did change 300 US, and other one changed 400 US.

I told our Surveillance operators if they saw those guys again take their pictures and notify me right away.

Most likely Royal Diamond Surveillance operators have more information regarding the issue.

SECURITY ACTIVITY SHEET

DATE: 00 05 19

LOCATION: VILLA SUPERVISOR: KEN High count for today was 724 @ 2300 hrs.

2000 hrs. A customer was asked to leave for the night for smoking in a nonsmoking section, and for putting out his cigarette on the carpet. Customer left without incident.

2100 hrs. Two customers were asked to leave for not producing identification in the high-roller pit. In the process, two other customers began to argue with site manager George Stokes. Security escorted three Asian males and one Caucasian male off the gaming floor. Refused to show identification after attempting to buy in for a large cash transaction.

2200 hrs. An intoxicated elderly female was asked to leave the casino. The customer had been banging the table surface at Blackjack table #7 with her hand. Left without incident.

2400 hrs. Security supervisor was called to work in surveillance. Due to a death in the family, Surveillance Officer Ali Shameer was unable to make his shift. David Slobodian acted as the security supervisor from 2400 hrs to 0400 hrs. David did an excellent job. Although Duncan Gordon has seniority over David, Duncan was the only First Aid attendant on that night, thus was not given the supervisor position.

2435 hrs. A possible loan shark was asked to leave by George Stokes. The customer would not produce identification. The customer was observed throwing stacks of one-hundred dollar bills across the table at Mini-Bac table#3. When asked to leave, the customer stated, "these people need my money." A photo is available. Barred by George Stokes. File #00B0519-02S.

2450 hrs. An elderly female fainted at the main entrance. First aid attendant Duncan Gordon quickly attended to the customer. The customer refused oxygen treatment. After sitting for a short period and a glass of water, the customer felt fine. File #00B0519-01S. END OF REPORT.

Don... good morning... welcome back.. hope you had a good holiday.. they are never long enough... I have some files that I'm just trying to update... there is nothing urgent about any of them...

(E-mail)

VPD #99-063047 - This is a guy who was causing problems at the Mandarin on 99 MAR 25. Police were called and took him away. They believe charges were laid and are awaiting court disposition. Can you tell me if this file is still active or Concluded.

VPD #00-67884 – This is guy who stole the Tip Jar from the concession bar at the Mandarin. He was charged with theft and warrants issued. Are warrants still outstanding.

A while back I sent you a couple of pictures to see if you might know them. One was a guy at the Grand who was rude and abusive to staff. When they kicked him out they heard a "rumor" that this guy may be dangerous because of "family connections". You thought he looked familiar but could not put a name to him. He has never returned to the Grand and they have not been able to identify him. Not much of a threat !! The other photo was of a suspected loan shark who was passing \$100 bills to customers across the table at a MB game in Burnaby. When they told him he could not do that and asked him to leave he said "but these people need my money". Again he has not returned to Burnaby and they have not been able to identify him. Before I write these off I just wanted to check with you first. Thanks see you soon...

Canada Immigration have requested assistance in trying to gather information

on this subject. He seems to have disappeared for a couple of years. The rumors are that he frequents casinos and is a suspected loan shark. Can

you

check to see if he is known in any of your locations Thanks ... Murray

The above subject has two convictions known to us and is also known as

1) 1994 in Washington State for Weapons, Theft, Obstruct Law Enforcement Officer; and

2) 1996 Richmond, BC - Extortion.

A warrant was issued for as he failed to show up for his deportation hearing in 1997, and he was arrested last night at V.I.A. on

his

return to Canada from the USA. Allegations are that subject has been frequenting the casino at Royal Oak and the one at Canada Way/Willingdon, and that he is involved in loansharking. Subject and his father are also allegedly members of the United Bamboo which is a triad originating in Taiwan with local members in Vancouver.

It would be appreciated if you could check your records and with your casinos JPG>>

and advise whether he is known to them. <

This date, spoke with Darrel BRAIN at Burnaby Detachment. Info on was conveyed to him. He made some computer enquiries and advised the following: As of 00 MAY 24, has exhausted all of her Immigration processes and has been denied immigrant status. She should now be removed from Canada and forced to return to China. He will alert the necessary departments to determine if efforts are being made to do this.

The Citizenship card #3606082 that she produced in Burnaby on 00 MAY 19 was first issued to a in August of 1981. It appears that requested and received a name change to at some unknown later date. 00 JUN 11 - This date, a player identified as

(\$1,000.00). The casino staff directed him to the cash cage and instructed him to cash out the small bills there and then return to the table with large bills. Subject was identified at cash cage and photo taken of him.

This procedure is not encourages by BCLC because it encourages money laundering by street level drug traffickers.

This practice was discussed with Don Leroy, Director of Security at the Grand Casino. He indicated that the Grand Casino has an internal directive memo that instructs staff members to send anyone to the cash cage who attempts to 'buy in' at tables with anything over thirty (30) bills. That instruction has been in place since 99 NOV 16 in response to a memo from Stan LO, site Administrator.

On 00 JUN 19 I again discussed this practice with Don Leroy and how it might encourage money laundering to occur at the Casino. He stated that the memo of 99 NOV 16 has been rescinded. Now any large amounts of small bills that appear at a gaming table are to be sent to the cash cage for exchange for larger bills.

The security staff are going to try to track and monitor any people doing this type of exchange. Identification and photos will be obtained for these money exchanges.

GAIO advised via E mail.

Letter to Proceeds of Crime Unit, RCMP has been sent.

Hello all:

The CCC received a rather detailed report from Diane WESTLAKE GCM on duty the Grand Casino

It refers to a male being permitted by management to exchange a large number of smaller bills for larger ones at the cashier. More specifically, \$1000 worth of \$5.00 bills. GCM states that management "has approved these types of transactions". Although a LCT is filled out. Are these types of transactions permitted even if a patron fills out a LCT Goard?

I have delivered a copy of the core report (and original) to you Bob, however, due to some of the content, the original report had to be edited. A copy of the original report is on file should any one else require it..

Hi,

If I could get a copy of the report I'll ensure it is followed up, as this sounds like a "money laundering" venture.

This procedure should **NOT** take place, as all "buy-ins" should take place at the tables, whether it is with small bills or not. There should never be any exchange of bills, except for Foreign Currency, at the Cash Cage.

Thanks,

Gord

Facts/Info:

On 00 AUG 14 information was received from Security staff at Burnaby Villa Casino. They have identified a group of nine (9) Vietnamese males that have been seen in the Burnaby Casino over the past week or so. They have been playing together as a group and moving about the casino as a group. They have exchanged large amounts of cash, mainly in \$20 bills, at the gaming tables. They gamble a bit but mostly appear to be laundering this money. They are also suspected in some money lending, loan sharking activity.

One of these individuals was subject of an earlier file, 00-1059. He was observed passing a stack of \$100 bills to another player and was subsequently asked to leave the casino for loansharking activities. He refused to identify himself on that occasion. He has now been identified as File 00-1059 will be updated accordingly.

The information on these individuals and their activity has been conveyed to Cst. Graham GOCK of Burnaby RCMP. I will liase with him on this matter. Further investigation to be conducted.

Some of this group of nine have been identified as:

1, unknown address.

The Casino security have also obtained a number of BCL's that they feel are associated to this group: FDR 766, ELN 875, CCR 414, DVD 760, EXD 232, and DHN 968.

They believe the second is up in excess of \$50,000 on the casino at this time.

This info was discussed with Cpl. John WELSH of Burnaby RCMP CIS Section. He is interested in this group as it is relevant to a file he is working on at this time with OCA. Info package on these subjects was conveyed to WELSH.

RO's of the BCLs obtained have been received and are on file. The plates come back to these people or suspected family members.

Larry... info on some guys that are suspected money laundering at Burnaby.... Will keep you appraised ... Murray

On 00 AUG 14 information was received from Security staff at Burnaby Villa Casino. They have identified a group of nine (9) Vietnamese males that have been seen in the Burnaby Casino over the past week or so. They have been playing together as a group and moving about the casino as a group. They have exchanged large amounts of cash, mainly in \$20 bills, at the gaming tables. They gamble a bit but mostly appear to be laundering this money. They are also suspected in some money lending, loan sharking activity.

One of these individuals was subject of an earlier file, 00-1059. He was observed passing a stack of \$100 bills to another player and was subsequently asked to leave the casino for loansharking activities. He refused to identify himself on that occasion. He has now been identified as . File 00-1059 will be updated accordingly.

The information on these individuals and their activity has been conveyed to Cst. Graham GOCK of Burnaby RCMP. I will liase with him on this matter. Further investigation to be conducted.

Some of this group of nine have been identified as:

, unknown address.

The Casino security have also obtained a number of BCL's that they feel are associated to this group: FDR 766, ELN 875, CCR 414, DVD 760, EXD 232, and DHN 968.

GAIO advised. Investigation continuing.

All of these 'buy ins' were made with twenty (\$20) dollar bills. The easino security officers advise that **Section and his** associates have been frequent players at the easino over the past few weeks. On many occasions they have produced large amounts of currency in small denominations.

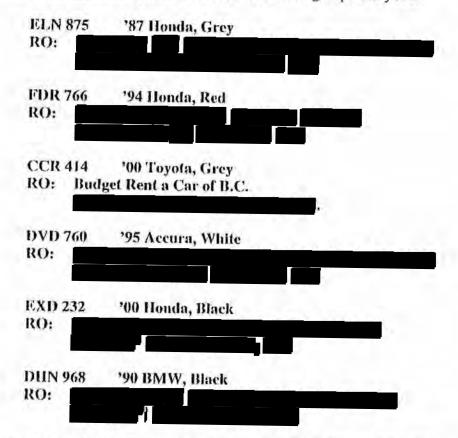

The associates have been identified as:

Facts/Info:

01 FEB 03 - This date, info was received from Kyle KREUTZER, GCM at the Grand. He has been speaking with Adrian CLOUTIER, who is a Security officer at the Grand Casino.

Apparently Adrian was at the Renaissance casino (unknown date) and observed control collecting money from dealers on the casino floor. Adrian knows control to be a regular poker player from the Grand Casino. Adrian also knows control to be a 'collector' for loan sharks.

Because of previous files, we know to be; the second secon

01 FEB 05 - This date, attempted to make contact with Adrian CLOUTIER through the Grand Casino. Messages were left with his answering machine to have him call the casino ASAP. The staff at the Grand indicate that CLOUTIER is extremely difficult to make contact with when he is off shift. He is not scheduled to return to work until 2200 hrs., Thursday, 01 FEB 08.

Particulars on provided to Grand Casino for their records.

01 FEB 06 - This date, further attempts to contact and speak to CLOUTIER were made through the Grand. Again no response.

Will continue to attempt to make contact with CLOUTIER. Want to know if he can be more specific about collecting money from Renaissance dealers. Who are these dealers. Did this happen on the casino floor. If it did happen on the floor how is it that security/surveillance would not be aware.

Depending on what CLOUTIER's information is, will decide on whether to advise GAIO or not. Will certainly contact GCC Security staff about this info.

I agree that we should be barring for two years from all casinos in the Province for trafficking in Cocaine inside the casino. We also need to bar for his part in the Cocaine transaction.

As far as the others who are allegedly loan sharks we won't be barring them at this time. They have been barred from all Gateway Casinos. Should they turn up in other casinos I would like to see them warned for their activity and then I don't have a problem with barring them provincially. You can pass the fact that these people are suspected loan sharks to the other casinos with the instruction that should they be observed acting in a manner that suggests they are loansharking they are to be warned.

Re: File 01-0582 (attached)

This is ' ' from the Mandarin. I am sending up the tape ' and ' that I got from the Mandarin people, and the best pictures they have.

Gateway have barred five people on the strength of what is on this tape.

He is clearly captured on two) occasions doing drug deals. Once in the elevator, and once on the floor of the Mandarin. On 01 FEB 28 the police checked and seized a quantity of cocaine from him. There may not be any criminal charges as a result, but it certainly supports the suspicions/allegations that is a drug trafficker.

He is the guy that came into the Mandarin on the 24th FEB looking for to score some drugs. He was in company with an unknown white guy in a toque. They bought drugs from and left the casino. I'm not sure how they got ID from but they did.

Proto 4.4 Proto 4.4 Proto 4.5. This is the guy that is shown on the tape on numerous occasions exchanging money, hand to hand, with other customers. From the tape he appears to be an obvious loan shark.

This is a friend of P who is also observed exchanging some money. He is referred to by casino people as 's 'driver'. The casino are treating him as a loan shark and have barred him.

who This is another friend or associate of is seen on tape exchanging cash, hand to hand. The casino are treating him as a loan shark and have barred him. Of interest I just picked up a counterfeit \$50 from the Mandarin, and is the guy who passed it.

The tape is about 90 minutes long. The best pictures and profile info we have on these guys is attached or already on file with you in Kamloops.

Sending this to you for consideration for BCLC barrings. Do you want to do all of them like Gateway, or just some of them.

Recently the Mandarin Casino installed a camera in the elevators at the casino. They have since observed some interesting activity involving regular customers from the casino. The regular customers are known to casino staff as **a second**" and **a second**". They are identified as:

On 01 FEB 4, "Sector" was observed selling drugs to an unknown male in the elevator. Since that date the casino security staff have monitored his activities more closely when he is in the casino and have observed him selling drugs again on at least one more occasion. The second sale was to a customer identified as;

On 01 FEB 20, **Sector** was observed exchanging large amounts of cash in the smoke room with **Sector**. Facts/Info:

-01-03-01 Richmond BCLC GCM THOMPSON forwarded an email message advising that BCLC barring had expired, and that was back doing what he did before he was barred. Action Taken:

-BCLC LEACH emailed THOMSPON back, stating that BCLC must document all suspicious activity. That writer will discuss any suspicious activities with GCC surveillance.

-01-03-02 writer opened a new file on BCLC SIR.

-writer reviewed BCLC SIR 99-145, whereby Cst. ATTEW, RCMP Richmond was the investigator in the 1999 BCLC barring case.

-writer called Cst. ATTEW, Gang Unit, advised Cst. ATTEW of this report from the BCLC GCM. -Cst. ATTEW states is a major - major loanshark, also involved in a previous extortion in Vancouver. -Cst. ATTEW has not been to the GCC Richmond recently, but stated things had quieted down. When was barred his girlfriend took over the collections and the loansharks were operating off site or nearby in their cars with chips. That patrons were simply signing over cars, cheques etc to settle with the loansharks. -Cst. ATTEW is concerned that maybe "openly" involved in loansharking. I advised Cst. ATTEW I would be making further enquiry's and would keep him posted.

-writer requested BCLC ROZINKIN forward the previous BCLC barring notice, as BCLC barring no longer is posted. BCLC notice 99-145 received, hard copy attached.

-writer emailed Det. OWENS, VPD regarding and any outstanding criminal court/ extortion charges. Hard copy attached.

-writer emailed BCLC GCM THOMPSON, hard copy attached.

-01-03-08 writer discussed this file with GCC Boki SIKIMIC. Requested SIKIMIC direct his people to monitor play inside GCC Richmond.

-01-03-08, writer received email from BCLC GCM THOMPSON, he states the following; recently LCT #14 was playing MB1, he ran out of chips. got up from his table and met up with another female customer. The received a handful of \$500 chips. The handed the chips to LCT #14. A hard copy of THOMPSON's email is attached.

-GCM McLEAN attended a recent GCC site meeting requesting sactivities be watched.

-01-03-21 writer spoke to GCC Security Milan, he states GCC is watching closely, the has been

winning recently. GCC have no evidence/surveillance tape of loansharking.

UPDATE:

-01-03-29 BCLC GCM McLEAN attended Richmond Security office, McLEAN advises has not been observed at the GCC Richmond site for approximately (2) weeks. So current whereabouts are unknown. -Since BCLC GCM's THOMPSON's report there have been no further reports of loansharking. UPDATE:

Hi Craig,

You asked me to e-mail the information of what I had seen last month regarding activity.

Well I was standing behind MB 1 observing player LCT # 14 (big player) playing on a reserved table. He was sitting at the table with . After player #14 lost all his chips, got up from the table and went over to another customer (????) and received a hand full of \$500 chips from her. He then went back to the table (MB 1) and handed the chips to player #14. This transaction was done under the table, out of camera coverage but right in front of me.

If '**Control**' is back into his old ways we need to have it documented properly. If the GCM'S note any suspicious activity they should notify Craig Robinson who will liase with the site surveillance/security people. If we can get the goods on this gentleman then we can get the police involved if applicable and take steps to bar him again.

Eula Stein

On April 26, 2001 gaming day at approximately 2425 hours,

with BCDL# requested to exchanged 50 x \$100 in US dollars. Surveillance and management were notified. Proper identification was requested from the customer, LCT completed. During the transaction said customer told the assigned cashier (Edgardo SEVILLA) that he was playing at the table. As soon as the customer received the \$7,300 in Canadian funds, he left the gaming floor without playing the table. Surveillance monitored the said individual outside the parked car with license plate#FSH795 (Silver Honda or Nissan Sedan) together with an Asian lady. After couple of minutes, the same Asian lady approached the cashier to exchanged another \$5,000 in US currency. She was asked if she knew the male customer that just exchanged US funds and she denied her connection with him. US exchange transaction was declined. Said customer left the casino. RCMP Cst. Ali Mirza was notified and responded under file#01-40921. Assigned GCM Eula STEIN was notified with the incidence who then advised CCC- GCM Bonnie ARMAND to notify other GCMs in other locations. RCMP Officer was at the site at approximately 0115 hours, to investigate and requested copy of serial numbers of all the 50 x \$100 bills. Videotape#785 was dubbed. Details of US Bills serial numbers were sent through fax. Surveillance report to follow.

Note: Apparently the couple went straight to Royal City Star and successfully exchanged another 50 x \$100 (Reference: GCC-Newton Surveillance Supervisor Rob WEBB)

Attn: Bob Leach, I'll following up, opening a file, Police checks, and getting a photo (hopefully suitable for a BCLC bulletin) to alert other sites of this suspicious activity. **Craig Robinson**

Hamid Sadeghi Friday, April 27, 2001 4:49 AM Bob Leach OCCURRENCE REPORT

This is to report a patron who exchanged large amount of US currency and left the site without playing at the tables.

On gaming date of April 26th, the duty GCM (Hamid Sadeghi) was informed by the cage supervisor, (Fareed Merchant) that a female patron had exchanged \$5000 US but did not play at the casino and left the site despite being told that she could only exchange her US cash if she played at the casino. The patron had agreed and her money was exchanged after providing proper ID.

According to the surveillance techs, shortly before appearing at the RCS, this patron was noticed at the Surrey casino but her request to exchange the cash was denied since another \$5000 US exchange by a male patron on the same day had raised suspicions of possible money laundering activities. However, the patron had already left the casino when the surveillance techs were informed.

A copy of the patron's ID and a short footage of the patron in the casino are available for BCLC.

The patron's information is as follows:

Another busy night.

Suzie never called back to confirm her shifts. Could someone call her tomorrow and confirm them with her...the schedule is on both decks. Pam needs to be notified as well. There was a void that was completed in error...it has been faxed to Kamloops. There was one LCT. At 1:15am a customer came in and wanted to cash in \$5000 US. I asked her if she was going to play and she said yes so I okd it but asked her for ID. She produced it without hesitation so it did not look too suspicious. Nevertheless, I ran down to photocopy it and while I was down there I spoke to Jerry on the phone and asked him to take a picture. It was then that he told me that the same people (apparently there was a group of them) tried to cash in some at Newton but were denied because they knew that they were not playing but just changing Ofcourse by then it was too late but thankfully I got up. I watched the group go down to MD supposedly to her ID. play since there were tables open down there. I was in the middle of cashing out Christine so I had to go back up. I told Jerry to keep an eye on them. A few minutes later he called me and told me that they left. We also have their license plate number. From what I understand, the police were notified and a report ! was compiled. This customer was a 21yr old asian girl and her companions were just as young so watch out for them. Also, Dorothy told me that she knew the girl's family. Her father works in the US and they are well off. Dorothy said she was going to talk to the girl's mother but I strongly urged her not to get involved for obvious reasons.

So, another interesting night... I look forward to tomorrow.

Paul,

I was wondering if you had the addresses provided by these subjects when stopped by your Drug Unit on June 21st and found to be in possession of my lecture handouts on Proceeds of Crime.

Any other names or addresses would greatly assist us in determining who might be associated to these drug types.

Murray; FYI, I have concluded this loansharking file, these are the 2 subjects who Gateway Burnaby identified from previous dossiers - **Constant of Previous** refers). -01-07-20 GCC Holiday Inn issued a warning to **Constant**, that the open transfer of monies and chips at the site will not be tolerated. **Constant** is not site barred by GCC. This warning action was the first step to be undertaken, as directed by LEACH. If there is a repeat by **Constant** of this activity, LEACH will issue a BCLC Province wide barring.

Action Request: -Please update Gateway Burnaby and request surveillance conduct close monitoring of remains active openly lending monies etc., for Gateway to obtain taped footage and contact BCLC.

Thanks Craig

 BCLC File 01-1705 Suspicious Activity Possible Loansharking

Don; The attached photos belong to (2) unknown subjects, who have recently been observed, 01-06-21 and 01-07-04 at the GCC Holiday Inn. These subjects do not play, they move about the site on and off of the gaming floor. The male appears to be directing the female. The noted activity of the female; 1) openly passed an envelope containing wads of cash (\$100 bills) to a patron, 2) taken chips from a female patron, 3) handed cash to a male patron, 4) received cash from a male patron, 5) engaged in a private conversation while handing out money- making notes, 6) female accessed the ATM at the site.

-GCC observed the male operating a Lexus, BCL: KPG-990, the female was a passenger. -I have seized (3) surveillance tapes, for review.

-BCLC has not received any complaints from patrons of the GCC Holiday Inn in regards to loansharking.

Action Request:

-BCLC request the assistance of VPD in effort to identify these 2 subjects; please circulate photos within your office.

Comment:

Don; I would like to review the tapes and make some notes. I have seen "clips" and the above activity for the most part is in the open. It is BCLC intention to 1) identify subjects, 2) advise GCC to confront subjects and direct/stop this activity, 3) if there is a re-occurrence by the file subjects, then a recommendation for a BCLC province wide barring to be forwarded. -I am available should you want to meet anytime regarding this file.

Regards

At 2:10 p.m., July 19th, 2001 I walked onto the Richmond Casino gaming floor and noted (#365) buying-in on MB table #2, later determined it was for \$5,000.00. The Chinese male took the chips to MB #3 and commenced betting.

Then took the remainder of the chips and walked out the south doors followed by the south As I followed them out they made a quick meeting just outside the doors and were already walking away from each other before I could get outside. We walked back into the Casino and the south left the lot in a Dodge grey mini van, BC lic: EXW-183.

Todd Rende Friday, August 17, 2001 12:31 AM CasinoCallCentre OCCURRENCE REPORT

On the gaming date of August 16, 2001, surveillance observed a known LCT patron (HIB ID# 261) receiving a large amount of cash from two people (one woman - Asian, approx. 50 years old; and one man - Asian, approx. 45 years old). Over the past three days, #261 has bought in with over \$200,000 in cash. On this gaming date, #261, after losing about \$60000 on MB 11, was observed waiting in the concession area when the lady (mentioned above) passed an envelope to the man (also mentioned above) who then passed the envelope to #261. Shortly after receiving the envelope, #261 returned to MB 11 and bought in for \$30000. GCM on shift was Todd RENDE, who was informed of the incident after finishing the first box pull. A copy of the site Occurrence Report will be included along with the LCTR information that is being sent daily to Kamloops.

Stan,

Are you looking at this file, or do you want me to look at it when I'm back in the office on Monday?

On the "buy ins" we would be recording the info of the \$30,000.00 as a buy-in by the actual player, but since it is an obvious "loan sharking" incident it would now also turn into a "suspicious financial incident".

We have to get a photo of the 3rd party, as well as the other person that had possession of the envelope just prior to it being passed / loaned to the player.

Once we are able to get this info I will pass this onto the Proceeds of Crime Investigators and Vancouver Police.

The only time we have to record the 3rd party info on the LCT is when there is "cash-outs" by a 3rd party. If this would be the case the Casino has to track the "cash-outs" by both parties (rightful owner and the 3rd party) and when their daily cash outs total \$10,000.00 or more they both have to be fully ID and both particulars have to be recorded on the LCT. In this case the rightful owner of the chips would be recorded on page 1 and the 3rd party would be noted on another page 1 of a LCT and the total LCT would be a 3 page document.

As a matter of interest. The Holiday Inn Core Report for Aug 16, where the patron receives 30,00 [Gordon Board] I believe it was \$30,000 [Gordon Board] from a 3rd party. Realizing that the player is going to have to complete the LCT on themselves for the buy-in, how do you incorporate the 3rd party, other than noting in the special notes that the money came from a 3rd party.

- Do we do anything. It was observed thus it would appear to fall in to the category of "what the player does in front of us."
- 2. Do we approach the 3rd party for ID and if so and they do id themselves, is it merely added to the original player's LCT in the special note category.
- If they do not ID themselves, do we take any action towards the player like not cashing them out or do we go about business as usual making an effort to ID the 3rd party on (a) separate LCT; (b)same LCT
