Subject: Credit report

Andrea:

I hate to bug you but I need the credit report today. even if its not perfect we have to start to work this through with BCLC. Even if our solution is not perfect we can continue to work through it with BCLC.

BCLC now has the ability to push some of this ahead quickly so we have to react as we are now seen as the bottle neck because this has been outstanding for a long time.

I also have been told that Walter as been fairly negative on this. its important to remember Walter is not the decision maker and doesn't even understand the guest needs as well as he may let on.

Is there anyway we can get a draft off today?

With whats happening at RRCR with the 46 players now being put on the "no unsourced cash list" our business is in serious trouble and we must react ASAP.

Thanks

Terrance
